PRODUCT DESCRIPTION

The Aydin Model 4419R4C is a 19" military grade, rugged rack mount display that was originally designed for shipboard applications, but can be utilized in any rugged environment.

This unit is rife with standard features such as an LED backlight, high brightness with full range dimming, wide viewing angle and an auto ranging internal AC power supply. Multiple video inputs including a VGA, DVI-D and five BNCs separate the 4419R4C from others. There are options to add S-Video and NTSC inputs.

Resistive or capacitive multi touchscreen options also are available.

The [Aydin Defense product line](http://www.aydindisplays.com) comes in a variety of sizes ranging from 10" to 65". Aydin Displays has been designing and supplying ruggedized displays, smart displays / thin client displays and computer workstations for military programs for 50 years. With thousands of military displays deployed throughout the world, Aydin is in tune with the needs of its military customers.

Aydin Displays has a proven reputation of expertise in designing, manufacturing, testing and qualifying ruggedized equipment for operation in severe military environments such as ground mobile, airborne, surface warships and submarines. We also offer fully customizable solutions to meet your application requirements.
